

ANNEX U.

List of Standard Indicators for Use in FY 2008 Operational Plans¹

Standard Indicators for 2.2.3 Local Government and Decentralization

- Number of individuals who received USG-assisted training, including management skills and fiscal management, to strengthen local government and/or decentralization.
- Number of local mechanisms supported with USG assistance for citizens to engage their sub-national government
- Number of sub-national government entities receiving USG assistance to improve their performance
- Number of sub-national governments receiving USG assistance to increase their annual own-source revenues

Standard Indicators for 2.2.4 Anti Corruption

- Number of government officials receiving USG-supported anti-corruption training
- Number of USG-supported anti-corruption measures implemented

Standard Indicators 2.3.1 Consensus Building Processes

- Number of consensus-building processes assisted by USG
- Number of groups trained in conflict mediation/resolution skills with USG assistance
- Number of groups trained in inclusive consensus building techniques with USG assistance
- Number of USG-assisted consensus-building processes resulting in an agreement
- Number of domestic election observers trained with USG assistance

Standard Indicators 2.4.1 Civic Participation

- Number of Civil Society Organizations using USG assistance to improve internal organizational capacity
- Number of Civil Society Organizations using USG assistance to promote political participation
- Number of CSO advocacy campaigns supported by USG
- Number of independent and democratic trade/labor unions supported by USG to promote international core labor standards
- Number of participants in USG-funded programs supporting participation and inclusion of traditionally marginalized ethnic minority and/or religious minority groups
- Number of people who have completed USG assisted civic education programs
- Number of policies that have been influenced by CSOs
- Number of positive modifications to enabling legislation/ regulation for civil society accomplished with USG assistance
- Number of USG assisted Civil Society Organizations that engage in advocacy and watchdog functions

Standard Indicators 3.1.3 Malaria

¹ Applicants should select from the following indicators as relevant for their proposed program. In addition, they are strongly encouraged to develop custom impact indicators as appropriate to demonstrate results.

- Assessment of USG-assisted clinic facilities' compliance with clinical standards
- Number of artemisinin-based combination treatments (ACTs) purchased with USG-support
- Number of houses sprayed with IRS with USG support
- Number of improvements to laws, policies, regulations or guidelines related to improve access to and use of health services drafted with USG support
- Number of Insecticide Treated Nets distributed or sold with USG funds
- Number of Insecticide Treated Nets purchased with USG funds
- Number of medical and para-medical practitioners trained in evidence-based clinical guidelines
- Number of people covered by USG-supported health financing arrangements
- Number of people trained with USG funds in malaria treatment or prevention
- Number of people trained with USG funds to deliver IRS
- Number of RDTs purchased and distributed through USG support
- Number of SP tablets delivered to ANC clinics
- Number of technologies under development
- Number of USG-assisted service delivery points experiencing stock-outs of specific tracer drugs
- Proportion of ITNs distributed according to plan
- USG-assisted facilities' provider staff with a written performance appraisal
- Value of pharmaceuticals and health commodities purchased by USG-assisted governmental entities through competitive tenders

Standard Indicators 3.1.7 Family Planning and Reproductive Health

- Assessment of USG-assisted clinic facilities' compliance with clinical standards
- Amount of in-country public and private financial resources leveraged by USG programs for FP/RH
- Couple years of protection (CYP) in USG-supported programs
- Number of counseling visits for FP/RH as a result of USG assistance
- Number of health facilities rehabilitated
- Number of improvements to laws, policies, regulations or guidelines related to improve access to and use of health services drafted with USG support
- Number of medical and para-medical practitioners trained in evidence-based clinical guidelines
- Number of new approaches successfully introduced through USG-supported programs
- Number of people covered by USG-supported health financing arrangements
- Number of people that have seen or heard a specific USG-supported FP/RH message
- Number of people trained in FP/RH with USG funds
- Number of technologies under development
- Number of USG program interventions providing services, counseling, and/or community-based awareness activities intended to respond to and/or reduce rates of gender-based violence
- Number of USG-assisted service delivery points experiencing stock-outs of specific tracer drugs
- Number of USG-assisted service delivery points providing FP counseling or services
- USG-assisted facilities' provider staff with a written performance appraisal
- Value of pharmaceuticals and health commodities purchased by USG-assisted governmental entities through competitive tenders

Standard Indicators 3.1.6 Maternal and Child Health

- Assessment of USG-assisted clinic facilities' compliance with clinical standards
- Rate of non-polio acute flaccid paralysis (AFP) cases occurring per 100,000 children less than 15 years of age (non-polio AFP rate).
- Number of antenatal care (ANC) visits by skilled providers from USG-assisted facilities
- Number of cases of child diarrhea treated in USG-assisted programs
- Number of cases of child pneumonia treated with antibiotics by trained facility or community health workers in USG-supported programs
- Number of children less than 12 months of age who received DPT3 from USG-supported programs
- Number of children reached by USG-supported nutrition programs
- Number of children under 5 years of age who received vitamin A from USG-supported programs
- Number of deliveries with a skilled birth attendant (SBA) in USG-assisted programs
- Number of health facilities rehabilitated
- Number of improvements to laws, policies, regulations or guidelines related to improve access to and use of health services drafted with USG support
- Number of medical and para-medical practitioners trained in evidence-based clinical guidelines
- Number of newborns receiving antibiotic treatment for infection from appropriate health workers through USG supported programs
- Number of newborns receiving essential newborn care through USG-supported programs
- Number of people covered by USG-supported health financing arrangements
- Number of people trained in child health and nutrition through USG-supported health area programs
- Number of people trained in maternal/newborn health through USG-supported programs
- Number of postpartum/newborn visits within 3 days of birth in USG-assisted programs
- Number of technologies under development
- Number of USG-assisted service delivery points experiencing stock-outs of specific tracer drugs
- Number of women receiving active management of the third stage of labor (AMTSL) through USG-supported programs
- USG-assisted facilities' provider staff with a written performance appraisal

Standard Indicators For Household Level Water, Sanitation, Hygiene And Environment

- Liters of drinking water disinfected with USG-supported point-of-use treatment products
- Number of people in target areas with access to improved drinking water supply as a result of USG assistance
- Number of people in target areas with access to improved sanitation facilities as a result of USG assistance

Standard Indicators 3.1.8 Water Supply and Sanitation

- Number of hours per day that households in areas assisted by USG programs have potable water services
- Number of people in target areas with access to improved drinking water supply as a result of USG assistance
- Number of people in target areas with access to improved sanitation facilities as a result of USG assistance
- Number of technologies under development
- Percent of operations and maintenance costs for water supply and sanitation services covered through customer charges in USG-assisted target areas

Standard Indicators 3.1 Basic Education

- Does your program support education systems/policy reform? If yes, please describe the contributions of your program, including progress against any mission-level outcome or impact indicators.
- Number of administrators and officials trained
- Number of adult learners enrolled in USG-supported schools or equivalent non-school-based settings
- Number of classrooms constructed with USG assistance
- Number of classrooms repaired with USG assistance
- Number of laws, policies, regulations, or guidelines developed or modified to improve equitable access to or the quality of education services
- Number of learners enrolled in USG-supported primary schools or equivalent non-school-based settings
- Number of learners enrolled in USG-supported secondary schools or equivalent non-school-based settings
- Number of Parent-Teacher Association or similar 'school' governance structures supported
- Number of teachers/educators trained with USG support
- Number of textbooks and other teaching and learning materials provided with USG assistance

Standard Indicators 4.5.2 Agriculture Sector Productivity

- Number of farmers, processors, and others who have adopted new technologies or management practices as a result of USG assistance
- Number of women's organizations/associations assisted as a result of USG supported interventions
- Percent change in value of purchases from smallholders of targeted commodities as a result of USG assistance
- Number of additional hectares under improved technologies or management practices as a result of USG assistance
- Number of agriculture-related firms benefiting directly from USG supported interventions
- Number of individuals who have received USG supported long term agricultural sector productivity training
- Number of individuals who have received USG supported short term agricultural sector productivity training
- Number of new technologies or management practices made available for transfer as a result of USG assistance
- Number of new technologies or management practices under field testing as a result of USG assistance
- Number of new technologies or management practices under research as a result of USG assistance
- Number of producers organizations, water users associations, trade and business associations, and community based organizations (CBOs) receiving USG assistance
- Number of public-private partnerships formed as a result of USG assistance
- Number of rural households benefiting directly from USG interventions
- Number of vulnerable households benefiting directly from USG assistance
- Percent change in value of international exports of targeted agricultural commodities as a result of USG assistance
- Percent change in value of intra-regional exports of targeted agricultural commodities as a result of USG assistance

Standard Indicators 4.6.2 Private Sector Productivity

- Number of business associations and trade unions that are at least 50 percent self-funded as a result of USG assistance
- Number of firms receiving USG assistance to improve their management practices
- Number of firms receiving USG assistance to invest in improved technologies
- Number of new members in private business associations as a result of USG assistance
- Number of public-private dialogue mechanisms utilized as a result of USG assistance
- Number of SMEs receiving USG assistance to access bank loans or private equity

- Number of SMEs that successfully accessed bank loans or private equity as a result of USG assistance

Standard Indicators 4.6.3 Workforce Development

- Number of new or improved workforce development policies drafted through USG assistance
- Number of people gaining employment or better employment as a result of participation in USG-funded workforce development programs.
- Number of people transitioning to further education and training as a result of participation in USG-funded workforce development programs
- Number of persons completing USG-funded workforce development programs
- Number of persons participating in USG-funded workforce development programs
- Number of workforce development initiatives created through USG assisted public-private partnerships

Food for Peace Indicators Include²

- Percentage of underweight children 0-5 years of age in Title II-assisted areas in FFP priority countries
- Percentage of applicable programs reporting maintenance or improvement in nutritional status
- Average number of months of adequate food provisioning in Title II-assisted program areas
- Percentage of applicable programs reporting maintenance or improvement in household food consumption
- Percentage of targeted direct beneficiaries reached
- Percentage of Title II program beneficiaries with improved health, nutrition or hygiene behaviors
- Percentage of Title II-assisted producers using a project-defined minimum number of sustainable agricultural technologies
- Percentage of Title II-assisted communities with improved physical infrastructure to mitigate the impact of shocks
- Percentage of Title II-assisted communities with safety nets to address the needs of their most vulnerable members
- Percentage of Title II-assisted communities with improved capacity

² Activities that are closely aligned with Title II assistance should consider the following indicators as appropriate.
